

Rose Musa Achieng' **Parish Social Worker**

I stated working with Christ The King in 1996 within a Small Christian Community called St Peter up to now. I later was selected as the secretary and I worked for 2 years as the secretary. Later on I was selected to be the chairlady in 1999-2003. I was also working as the treasurer during the same period between 1998-2002. Well in 2000-2002 I became the women ministry coordinator.

I worked as a community Social Worker with the Consolata Missionary Sisters that is since 1997-2013. Am still committed in the Parish and I like my job of Social Worker in the Parish.

I visit sick in the hospitals and give guidance and counselling to the people in their day today challenges.

Through this office of social Worker, I have learnt how to handle different people with different issues at different times. It has made me strong both spiritually and socially.

I love working with Christ The King family. Glad to be part of this loving God fearing family.

Am humbled and thank God for our Parish of the Guadalupe Fathers. May the Lord God strengthen our faith as we continue serving Him, let us serve Him in spirit.

Message to the people in the community

Let us keep on serving the Lord and be strong in faith.
